## SCHOOL REPORT.

---

In accordance with a time-honored custom, we present to the citizens of the town our report of the schools for 1901.

The past year has been a period of prosperity and progress in our schools. While we have not accomplished all that we aimed to do at the beginning of the year, we have tried to conduct the schools in a manner that should give satisfaction to the townspeople and result in the greatest good to the greatest number.

The most difficult problem with which we have had to deal has been the matter of conveyance from one division to another. Our State Superintendent says this matter has caused more bad blood than anything else pertaining to school management, and it is certainly true of our town, and this dissatisfaction will continue until the people are made to see the increased advantage from larger schools as well as the economy in expense.

Schools have been held in five divisions. Conveyance has been furnished in the other divisions, at an expense in no case, of more than one-half what it would have cost to maintain a school and in most instances much less.

Eight teachers have been employed and about ninety pupils have received instruction. The schools have been harmonious, with the exception of one term in one division,

where two or three disorderly pupils made it necessary for the teacher to spend most of her time in disciplining the school and detracted materially from the results which might have been attained.

We had hoped this year, by an economical expenditure of the available funds, to increase the length of our schools four or five weeks in each division. The Academy fund, however, which has been paid into the public schools, since our Academy went of existence, was withheld by vote of the trustees, so we were obliged to close the schools at twenty-two weeks, which has been the maximum length of our school year for some time.

In comparing the pupils of our public schools with those of other towns that have thirty or more weeks of schooling, the difference is plainly apparent. If we would keep abreast of the advancement in educational matters and have our rising generation compare favorably with that of other communities we must increase the length of our school year.

Last year we made great effort to increase the per cent. of attendance and were so well supported by parents and teachers that we succeeded in raising it to the required standard, so that other conditions being complied with, we have received from the State, in accordance with the provisions of Section VI of Chapter Seventy-seven of the Session Laws of 1899, the sum of \$139.55, which is in the town treasury, subject to the call of the school board and will make an appreciable increase in the funds next year. This is intended to be used in carrying out the spirit of the law, either by lengthening the school year or by paying better salaries to teachers, and thus enabling the board to demand and employ a higher grade of teaching ability. It remains with the people of the town to decide whether we receive this aid each year.

There has been no change in text-books the past year,

but the next board will be obliged to introduce new Arithmetics, as those now in use are quite worn out. In closing this report, we desire to express our appreciation of the courtesies extended to us.

Respectfully submitted,

MRS. EDW. W. COLBURN,

DENNIS R. CHASE,

GEORGE F. ELLSWORTH,

School Board of Deering.

## ROLL OF HONOR.

One term: Minnie B. French, Harry W. French, Vona B. Whitney, Otto Grund, Alma H. Chapman, Minnie E. Chamberlain, Milward W. Brown, Ernest Mann, Ruth C. Hilliard, Mildred M. Osborn, Grace M. Stevens, Florence M. Geddes, Maizie E. Geddes, Muriel E. Geddes, Fred D. Chase, Gerald D. Geddes, Leon C. Stevens.

Year: Maud M. Battis, Nettie W. Battis, Charles F. Battis, Florence B. Younge, Grace M. Snickles, Edith L. McAdams, Ashbel J. Younge, Leon H. McAdams, Alfred O. Wilgeroth, John A. Younge, Mabel R. Locke, Nellie M. Chase, Sarah M. Chase.
